📈 Top-Line Revenue Expansion

Grab E-Hailing Malaysia delivered strong top-line growth in 2023, generating a net revenue gain of **+RM285,892 (+17.3% YoY)**, fueled by expanding tourism and urban commutes.

⚠️ Regional Performance Divergence

Growth was uneven across territories. Outsized growth in South (+31.4%) and Central (+27.8%) was partially offset by top-line revenue contraction in Sabah/Sarawak (-7.7%).

Regional Growth Comparison

Presenter: Edda (Group 5)

Group 5 Key Takeaway: National performance is polarized. While South (+31.4%) and Central (+27.8%) generated significant incremental gains, Sabah/Sarawak (-7.7%) experienced top-line contraction requiring immediate intervention.

Central Region Diagnostic

Presenter: Edda (Group 5)

👍 Bright Spots

Highest Revenue Base

Generated **RM577,583 in 2023**, making Central Grab's largest regional market nationwide.

🔥 Hot Spots

Maturing Market Growth

Growth rate (+27.8%) lags behind South (+31.4%), indicating Klang Valley rider acquisition is approaching saturation.

Gridlock & Cancellation Friction

 Shafiq (Pre-Recorded)

Rush Hour Earning Velocity Penalty

Severe KL traffic gridlock reduces driver hourly trip completion rates, lowering active driver earning velocity during rush hours.

Active Driver Supply Contraction

Active driver supply contracted by 8% during peak hours, causing passenger cancellation rates to spike to a historic high of 14%.

Bright Spots

Highest YoY Growth (+31.4%)

Recorded **+31.4% YoY growth**, delivering a revenue increase of **+RM135,924** over 2022.

Hot Spots

Revenue Base Trails Central

Despite record growth, absolute revenue is slightly below Central, presenting further room for premium monetization.

East Coast & East MY Overview

Presenter: HuiXin (Group 5)

East Coast Region

Bright Spot (+15.3% Growth)

Revenue increased by +15.3% YoY, demonstrating positive performance across Pahang and Terengganu.

Sabah / Sarawak Region

Hot Spot (-7.7% YoY Decline)

Only region nationwide with negative growth (-7.7%), falling from **RM405,076** to **RM373,774**.

Executive Insights Matrix

 Presenter: Danish Adelie (Group 5)

Central Region

RM577,583

Strongest Revenue Generator: Central continues to be Grab's largest revenue anchor nationwide. Focus must pivot to driving premium fleet adoption (GrabExec) and maximizing yield per trip.

South Region

+31.4% YoY

Highest Growth Opportunity: Rapidly expanding cross-border transit hub. Priority is capturing high-intent tourists early before border entry.

East Coast

+15.3% YoY

Steady Frontier: Consistent demand base with quarterly volatility. Requires targeted seasonal promotions to smooth out revenue dips.

Sabah / Sarawak

-7.7% YoY

Immediate Intervention Required: Only region in decline (-7.7% YoY). Needs targeted driver supply programs and local tourism partner campaigns to recover revenue.

Recommended Business Actions

Expand Driver Recruitment: Scale active driver supply in high-demand corridors to capture peak intent.

Promote Premium Services: Increase GrabExec and GrabCar Premium awareness at airports and business centers.

Loyalty Integration: Ramp up GrabRewards challenges to drive rider retention and booking frequency.

Targeted Marketing: Strengthen targeted marketing campaigns to maximize top-line revenue.

Supporting Insights

Negative YoY Growth: Revenue declined by -7.7% YoY (dropping from RM405,076 down to RM373,774).

Underperforming Baseline: Performance weakened despite stable quarterly demand floor.

National Drag Effect: Declining growth limits overall national performance and requires swift recovery.

Recommended Business Actions

Targeted Promotional Campaigns: Introduce localized ride vouchers to reactivate user demand in Kuching and KK.

Improve Driver Availability: Implement local driver onboarding bonuses to expand coverage.

Local Business Partnerships: Partner with regional tourism operators, hotels, and airport transit hubs.

Customer Barrier Diagnostics: Conduct customer research to identify key adoption barriers in East Malaysia.

Priority Action Roadmap

 Presenter: Ismail (Group 5)

Priority	Strategic Focus	Target Geography	Key Action Items
Priority 1	Sustain & Accelerate Growth	Central & South	Continue investing in Central and South to sustain top-line revenue growth, expand GrabExec adoption, and capture cross-border yield.
Priority 2	Implement Recovery Plan	Sabah / Sarawak	Implement recovery initiatives in Sabah/Sarawak through targeted promotions, driver availability programs, and tourism partnerships.
Priority 3	Expand Regional Awareness	East Coast	Increase awareness in East Coast through seasonal marketing campaigns and fleet expansion in key regional towns.
